Name Of Sampling Person : MR. SATISH

We carried out inspection of the above mentioned consignment for the ascertainment of quantity & quality on behalf of **M/S. LACON QUALITY CERTIFICATION PVT LTD.**, we now report as follows:

Scope Of Intervention : INSPECTION, SAMPLING & ANALYSIS

Place And Date Of Intervention : SAMPLING AT MANANTHVADY, KERLA ON 18/04/2017

Sampling:

Sample increments were collected at regular intervals from about 10% of the bags selected at random and increments thus collected were mixed thoroughly and reduced systematically by coning & quartering and prepared 04 composite samples of about 260 grams each and all the samples packets labelled and sealed with our monogram seal MICROCHEM AP02.

One composite sealed sample of the consignment has been analysed in our in-house laboratory for the required quality parameters. One sealed sample has been handed over to the client's representative. The remaining samples will be retained with us for a period of three months only.
